

## Get the inside scoop

### What our interns are saying

“I had a dead-end job before the MCIP. It made me realize that manufacturing is the right place for me!”  
**Nick W.**

“I went from being an intern to supervising 21 people. I never could have done it without the MCIP”  
**Claudia R.**

“I didn’t know much about manufacturing before. Now I have a stable career with real growth possibilities!”  
**James V.**

“Through my MCIP internship, I gained tooling knowledge and improved my presentation skills.”  
**Christopher B.**

### About the Internship Program

This program is funded with Workforce Innovation and Opportunity Act grants provided by the Illinois Department of Commerce and Economic Opportunity through the Chicago Cook Workforce Partnership.

Business & Career Service, Incorporated (BCS), an Arlington Heights, IL based job training provider, created the Manufacturing Careers Internship Program in 2011. BCS teams up with local manufacturers to manage this innovative program that prepares youth for long-term career opportunities in manufacturing.

 The Illinois workNet Center and Business and Career Services, Inc. provides equal access to all job seekers.

**Connects you to companies ready to hire.**

# Start a paid internship in an industry with a future!

Check out the Manufacturing Career Internship Program. MCIP opens the door for young adults to learn about getting started with a career in manufacturing.

## MCIP Program Results

80% completed the internship.

70% are now employed or attending post secondary education.

50% are employed full-time in the manufacturing industry.

## DID YOU KNOW?

- A serious shortage of skilled workers are needed by America's manufacturing industry, ranging from 500,000 to one million job openings currently available.
- 180,000 job openings are in the Chicago area.
- These jobs pay (on average) \$50,000; \$60,000; \$70,000 and more.
- Get your foot in the door; gain experience to get on track for these jobs!

## MCIP Program Elements

- A 4-week "Manufacturing Boot Camp" prepares participants for the reality of personal responsibility and accountability.
- Provides a 10-hr. OSHA Safety Training and Certification.
- Provides Forklift Operator Training and Certification
- Manufacturing Ambassadors provide tours and peer-to-peer presentations.
- Selection process allows interns and employers to meet and determine best fit.
- Internship allows interns to get their "feet wet" and "hands dirty" to see if they are ready to start a career in manufacturing.

Don't miss this proven opportunity to learn about great-paying jobs available in the manufacturing industry.
